

Benefits

Development Managers

Focus R&D manager on:

- ✚ Defining standard practices
- ✚ Ranking related uncertainties
- ✚ Outlining projects

Researchers

Empower researchers to:

- ✚ Share results of each activity
- ✚ Document “as you go” to avoid back-log

Financial Assistants

Integrate financial/technical departments to:

- ✚ Reconcile costs &
- ✚ Prepare Tax Returns

Save time by properly managing your company's technical knowledge, as it evolves.

Spend less time documenting R&D, and more time doing it.

R&D Base streamlines the process of claiming SR&ED Tax Credits.

- ✚ Write project descriptions with ease,
- ✚ Enter the data throughout the project lifecycle,
- ✚ Track the time team members spend on each activity as the project unfolds,
- ✚ Share project updates instantly with other team members over the web &
- ✚ Protect sensitive corporate data through permissions-based security.

Tax Credit Claims*

A system for managing technical knowledge

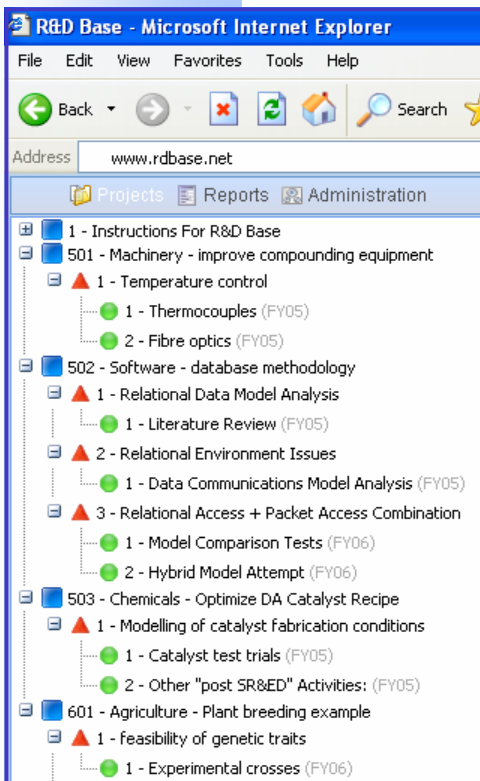

www.rdbase.net

R&D Base

Project Explorer

The Government requires that each project considered for SR&ED Tax Credits detail:

- 1) The **Standard Practice** in your industry,
- 2) The **Uncertainties Related** to your investigation, &
- 3) The **Activities you Performed** to test your hypothesis.

R&D Base segregates each project into the required three steps.

R&D Base

Program Features

Security

R&D Base's SSL Secure HTTPS connection guarantees that your intellectual property is safe and secure.

Report Generation

Generate Technical, Financial and Administrative reports easily through the R&D Base reporting function. Press a single button to print required SR&ED technical documents, in the format required by the government.

Search

Use R&D Base as a knowledge management tool. Skim thousands of past projects in seconds, and store current knowledge for future reference.

Document Management

Upload any supporting documentation, such as photos, emails, Word/Excel documents, CAD/CAM files and scanned documents right into R&D Base.

Key Criteria Tracking

Ensure that you are answering the right questions through your research! Connect technical uncertainties to activities and their conclusions.

SR&ED Claims
